

15th ANNUAL RESEARCH SESSION

ARS 2025

01st DECEMBER 2025

"Empowering Scholars to Shape a Human-Tech Future"

The Annual Research Session (ARS) is a key event on the Sabaragamuwa University of Sri Lanka (SUSL) calendar, providing a platform for the academic community to share their latest research while offering both postgraduate and undergraduate students the opportunity to present their scholarly work.

KEYNOTE SPEAKER

Prof. Dongling Qiao,
College of Food Science, Southwest University

ELIGIBLE PRESENTERS

I. Academics who have completed their postgraduate studies (both local and foreign) between December 2024 and November 2025 (This has been a formal practice and compulsory for all SUSL academics since the inception of ARS).

II. University research grant holders who have completed or are conducting their research during the year 2025.

III. Postgraduates from the Faculty of Graduate Studies (FGS): Oral presentations of postgraduate research from each board of studies.

IV. Undergraduates: Poster presentations of the best undergraduate research from each department within the faculty.

Sabaragamuwa
University of Sri Lanka
